RESORT

ANANTARA SI KAO RESORT

140 ROOMS

Anantara Si Kao Resort has a way of combining the traditional and the modern—whether it's in the décor, a mix of pitched roofs, rattan furniture, and sleek, white bathrooms, or at the spa, where the Anantara Signature Massage calls on a combination of Eastern and Western techniques to relieve your achey muscles—that keeps us coming back. Another thing the 140-room resort manages to execute beautifully? Being kid-friendly. You can spend the day with the kiddos, playing mini golf or taking elephant trekking tours; or you can gingerly deposit them at the Dugong Children's Club, where they'll be perfectly happy to splash around the kiddie pool (under the watchful eye of a babysitting staff, of course). Either way, everybody's happy—and that's what matters most when you're on vacation, right?
